“**W**e were originally drawn to St John's School back in 1987 because of its excellent reputation, not only with our friends within the parish, but it was well known as a good school in the North Richland Hills community as well. We were attracted to the idea that in St. John's our children could learn their faith as part of their everyday life, and not just on Sundays.

“While the recent Blue Ribbon award demonstrates the school's academic excellence, just as important to us is the school's commitment to service. Just a few examples of this include the weekly collections for the St John's food pantry, the collections for the Patzun missions, and the visits to the neighboring nursing homes.

“We have graduated three children from St. John's, and currently have two more enrolled. In that time the school's reputation has continued to be one of excellence, and we've seen that in the success our children have had as they've moved on to Nolan Catholic High School, college, and beyond. And we've seen our kid's classmates enjoy that same kind of success. Not just academically, but their classmates have matured into principled, caring young men and women you were happy to have your kids hang out with.

“The friends we've made at St. John's have become like family to us, and we look forward to many more years of involvement at St. John's School.”
