

SCRIP News: Parents, we would like to ask for your support. As you may know, SCRIP revenue is part of the school operating budget. Unfortunately, this year our revenue is not meeting the budgeted amount. PLEASE consider using SCRIP for your groceries, gas, travel, birthday presents, etc.

In the current economy, having 2% of your purchases go to help pay your family tuition and/or registration fees is a good return on your investment. One reason that we hear that people don't use Scrip is that they want to earn miles with their credit card. Most airlines charge 25,000 miles for a round trip ticket and you earn one mile per \$ spent. If you were to spend \$25,000 on Scrip, you would have a \$500 tuition credit!
